

Think theological education is too mass produced?

Experience development focused sharply on you.

Introducing the Antioch School.

Traditional theological education institutions tend not to customize training to the unique gifts, abilities, and callings of each student. The Antioch School is different, placing a student's life and ministry development at the heart of its program. Using the System for Identifying Motivated Abilities (SIMA®), students receive individualized Motivated Abilities Patterns to help them and their mentors understand and respond to how God has "hard-wired" them, as well as tools for personal life development and assessment from the mentors that God has already put in place for them.

The training is conducted **in** your church, **by** your church leaders, and **for** your church, church network, or ministry team—resulting in tested and reliable leaders for your **church**.
